HOLLOW LEAVE-IN TILE SPACERS

- First industry-approved leave-in tile spacer
- Saves time by allowing for earlier grouting
- Hollow design allows spacers to stay in the joint and be grouted over
- Can compress up to 10% for variances in tiles
- Extra length is ideal for radius corner tiles
- Offered in both + and T spacer styles

LayFlat™ NOTCHED TROWELS

- Designed to provide superior coverage and adhesion for medium to large format tile applications
- Wave-shaped notches create ridges that provide an overlapping and more easily collapsible action of thinset mortar
- Unique notch geometry helps to eliminate air pockets between the tile and underlayment
- Superior hold strength between the aluminum alloy Xtralite® mounting and blade
- Resilient DuraSoft® handle provides soft feel, reduces fatigue and offers excellent durability
- Each LayFlat™ trowel comes with a merchandisable product hanger
- 11 x 4½" (279 x 114mm) LayFlat™ Notched Trowels are sold 1 per inner/6 per outer
- 16 x 4" (406 x 102mm) LayFlat™ Notched Trowels are sold 1 per inner/4 per outer

Overlapping and collapsible thinset action

STAINLESS STEEL NOTCHED TROWELS

- Aluminum alloy mounting riveted to high grade stainless steel blade
- Blade size is 11 x 4½" (279 x 114mm)
- Resilient DuraSoft® handle
- Easy to clean
- Rust-resistant
- Sold 1 per inner/6 per outer pack

Equipped with premium DuraSoft® handle that reduces user fatigue

Long-lasting, durable blade made from highest grade hardened and tempered steel

Diamond shank construction prevents handle from twisting and slipping

Secured with stainless steel thru rivets for maximum hold strength between the aluminum alloy Xtralite® mounting and blade

5 GALLON BUCKET

- Made of durable 90 mil plastic
- Semi-transparent to easily see the level of material inside of the bucket
- Graduated measuring marks in Imperial gallons, US gallons, liters/litres, and US quarts
- 5.28 gallon capacity for ease of mixing and pouring with less spillage
- Reinforcing rings at top of bucket help keep bucket from deforming and breaking during mixing, pouring, or while holding and transporting heavy materials
- Metal handle with plastic grip
- Snap-on or sealable pour spout lid sold separately
- **5GP** is a sealable lid with gasket that keeps liquids from drying out and from spilling during transport and pouring
- **5GL** is intended for use in situations where lid will be removed and replaced frequently

Pour spout lid seals tightly and returns flat so buckets can be stacked in storage

MAGNUM SERIES

MARSHALLTOWN's Magnum Series is defined by an uncompromising attitude for quality, craftsmanship, and ruggedness. The Magnum Series upgrades include beefier extrusions, heavy-duty steel ball bearings, reinforced table, LED Light Kit, premium blade, and an industry leading 5 year warranty. Designed by a professional, for professionals, there isn't a job the Magnum Series can't handle. If you're installing siding or laying floors every day, it's about time you had a shear that works as hard as you do.

UNCOMPROMISING. OVERBUILT. RUGGED.

5000+ JANKA

EZ SHEAR SERIES

The EZ Shear Series is built upon the same foundation as the Magnum Series but strikes a balance between ruggedness and cost. With an optimized design featuring custom engineered, leaner extrusions, the EZ Shear Series is the ideal lightweight solution for professional installers and do-it-yourselfers alike. If price is as important as quality, look no further than the EZ Shear Series from MARSHALLTOWN.

BUILT LIGHT, PRICED RIGHT

UP TO 1250 JANKA

BULLET SERIES

MARSHALLTOWN's Bullet Series challenges the status quo with unique, never been done before solutions for flooring professionals. From two different rip-cutters to the world's only lightweight suitcase style shear, the Bullet Series will save you time, labor, and help put a few extra dollars in your pocket.

CUTTING EDGE INNOVATION

VINYL

MAGNUM SERIES

**NO Noise, NO Dust, NO Electricity
UNCOMPROMISING. OVERBUILT. RUGGED.**

The Magnum flooring shears are the premier cutting solution for all types of flooring products. With sizes ranging from 9" to 26" and designs tailored to cut vinyl (all variations), laminate, engineered hardwood, solid hardwood and more, there is nothing these shears can't handle.

**9" Magnum Edge

BULLET SERIES

Flooring Solutions

**NO Noise, NO Dust, NO Electricity
CUTTING EDGE INNOVATION**

The Bullet Series provides innovative solutions for the ever expanding vinyl plank market. The Vinyl Glider (BT92-2095) and it's $9\frac{1}{2}$ " lockable guide, allow you to make accurate, repeatable rip scores faster and easier than ever before. The Cruiser (BT92-2012), designed specifically for WPC and SPC with capabilities that include many variations of vinyl and even carpet (with upgrade kit), utilizes dual rolling razor edges that allow you to make quick, clean rip scores with ease. It's quick-adjust fence and built in ruler help you to make fast, accurate rips from $\frac{1}{2}$ " to 12" in width. The Vinyl Cutter (BT92-2195) is the most compact and versatile vinyl cutter on the market. It cuts vinyl up to $9\frac{1}{2}$ " wide and 12mm thick and collapses neatly into its integrated carrying case that functions as the table while in-use.
