

TOOLS FOR SCHOOLS

TRAIN THE BEST WITH THE BEST

MARSHALLTOWN wants to keep the best tools in the hands of your students in secondary, post-secondary and apprenticeship programs. With MARSHALLTOWN's Tools For Schools program, there is something for the needs of every school.

As an instructor, you know hands-on education results in quicker learning and a greater retention rate of learned material. By creating a job-site reality in your classroom, students are allowed to solve the instructional problems of today in preparation for the working world demands of tomorrow.

At MARSHALLTOWN, we know when students train with properly designed and balanced tools, they can measure their own skill level performance — not the performance of the tool. Students using the right tools learn how to hone their skills. We would like to help.

DIRECT ORDER PROGRAM

Our Direct Order Program is available to any secondary, post-secondary, or apprenticeship program. This program allows you to purchase directly from MARSHALLTOWN at a budget friendly price and save on shipping costs. Our full product line is available with this program.

BENEFITS

- Orders ship freight prepaid within the contiguous U.S.
- Expedited order processing
- Prices favorable to a limited budget
- Access to all tools in our catalog
- Efficient and easy online ordering option

REQUIREMENTS

- School's name, billing and shipping addresses and phone numbers
- Email address for invoicing
- Instructor's name
- Copy of the school's tax exemption certificate, if applicable

STUDENT AWARD

The Student Award program gives students the extra incentive to achieve superior results and a means for instructors to reward exceptional work.

HOW IT WORKS

MARSHALLTOWN awards students through their Vo-Tech instructors. All materials are sent directly to the instructor, who then presents the award to the deserving student.

An instructor chooses one student* per school, per term/semester who has excelled in a masonry, concrete finishing, drywall, plastering, EIFS, or tile program. The instructor nominates the student by completing and sending the MARSHALLTOWN Student Award Nomination Form to MARSHALLTOWN.

The Student Award includes a letter of commendation, a certificate, and a MARSHALLTOWN trowel and hat. All materials are sent to the instructor's attention.

**Schools that offer separate trowel programs in more than one trade may nominate one student for each trade. If you wish to nominate more than one student per term/semester or for a trade, additional trowels are available through our direct order program.*

STUDENT REWARDS

MARSHALLTOWN celebrates students and apprentices in the construction trades. As a welcome gift to Team MARSHALLTOWN Rewards, students receive a \$25 credit on their account.

Our aim is to fit students with the best tools for life. Enjoy all the benefits of our rewards program, including points to be used with future purchases, free shipping on orders over \$49.99 anywhere in the contiguous United States, special offers, and early access to new and innovative products.

- Visit **www.MARSHALLTOWN.com/education** to sign up as a student
- Receive a free welcome gift when you place an order within 30 days of signing up. Gift only available in the United States.
