<b>BULLET SERIES</b>									

\*Does not apply to all shears within a given series. Contact your Sales Representative for additional information \*\*Vinyl includes: LVT, LVP, WPC, SPC, MLF, VCT and others \*\*\*Cruiser Only-Carpet Tile Upgrade Kit Required

# MAGNUM SERIES

MARSHALLTOWN's Magnum Series is defined by an uncompromising attitude for quality, craftsmanship, and ruggedness. The Magnum Series upgrades include beefier extrusions, heavy-duty steel ball bearings, reinforced table, LED Light Kit, premium blade, and an industry leading 5 year warranty. Designed by a professional, for professionals, there isn't a job the Magnum Series can't handle. If you're installing siding or laying floors every day, it's about time you had a shear that works as hard as you do.

**UNCOMPROMISING. OVERBUILT. RUGGED.**

*Indicates LED Light  
Kit Included*

**5000+ JANKA**

# EZ SHEAR SERIES

The EZ Shear Series is built upon the same foundation as the Magnum Series but strikes a balance between ruggedness and cost. With an optimized design featuring custom engineered, leaner extrusions, the EZ Shear Series is the ideal lightweight solution for professional installers and do-it-yourselfers alike. If price is as important as quality, look no further than the EZ Shear Series from MARSHALLTOWN.

**BUILT LIGHT, PRICED RIGHT**

**UP TO 1250 JANKA**

# BULLET SERIES

MARSHALLTOWN's Bullet Series challenges the status quo with unique, never been done before solutions for flooring professionals. From two different rip-cutters to the world's only lightweight suitcase style shear, the Bullet Series will save you time, labor, and help put a few extra dollars in your pocket.

**CUTTING EDGE INNOVATION**

**VINYL**

## MAGNUM SERIES

**NO Noise, NO Dust, NO Electricity  
UNCOMPROMISING. OVERBUILT. RUGGED.**

The Magnum flooring shears are the premier cutting solution for all types of flooring products. With sizes ranging from 9" to 26" and designs tailored to cut vinyl (all variations), laminate, engineered hardwood, solid hardwood and more, there is nothing these shears can't handle.

*\*Not Pictured: 20" Flooring Shear — 920 I-20-PC EDI: 29929 • 26" Flooring Shear — 926 I-26-PC EDI: 29751*

The Magnum Resilient Carpet Tile (RCT) shears are versatile, heavy-duty cutters designed for carpet tiles, luxury vinyl products, and VCT. With the ruggedness you've come to expect from Magnum and a unique self-measuring wall gauge and caster system, these shears are unmatched in the industry. Available in 30" and 40" widths.

## EZ SHEAR SERIES

**NO Noise, NO Dust, NO Electricity  
BUILT LIGHT, PRICED RIGHT**

The EZ Shear flooring shears are the ideal lightweight solution for professionals and do-it-yourselfers alike. With sizes ranging from 9" to 26" (including a 26" RCT shear) and cutting capabilities that include engineered hardwood up to  $\frac{3}{8}$ " thick, the EZ Shear series is the best solution if price is as important as quality.

## BULLET SERIES

*Flooring Solutions*

**NO Noise, NO Dust, NO Electricity  
CUTTING EDGE INNOVATION**

The Bullet Series provides innovative solutions for the ever expanding vinyl plank market. The Vinyl Glider (BT92-2095) and its  $9\frac{1}{2}$ " lockable guide, allow you to make accurate, repeatable rip scores faster and easier than ever before. The Cruiser (BT92-2012), designed specifically for WPC and SPC with capabilities that include many variations of vinyl and even carpet (with upgrade kit), utilizes dual rolling razor edges that allow you to make quick, clean rip scores with ease. It's quick-adjust fence and built in ruler help you to make fast, accurate rips from  $\frac{1}{2}$ " to 12" in width. The Vinyl Cutter (BT92-2195) is the most compact and versatile vinyl cutter on the market. It cuts vinyl up to  $9\frac{1}{2}$ " wide and 12mm thick and collapses neatly into its integrated carrying case that functions as the table while in-use.

# INSULATION

## CENTERFIRE CIRCULAR RIGID FOAM BLADE

The CenterFire Rigid Foam saw blades are the only dust-free table saw (8¼") and circular saw (7¼") blade solutions on the market. Whether you're working with XPS, EPS, or ISO rigid foam, the CenterFire dust-free foam blades eliminate over 95% of static foam dust.

**7¼" (184MM): CC52-1507 | EDI: 29966**

**8¼" (210MM): CC52-1508 | EDI: 29967**

Includes EDI: 29968

## SHUT-N-CUT

The CenterFire Shut-N-Cut insulation cutting system is designed for quick, accurate cuts through batt insulation of all variations. The oversized clamping mechanism compresses batt insulation by 80% allowing you to make more accurate cuts 10 times faster and the aerial suspension cut guide extends the life of your blade as the only surface it comes into contact with is the insulation. Patent No. 9,272,432

**CT51-1927 | EDI: 29972**

## CENTERFIRE INSULATION KNIFE BLADE

The CenterFire straight blades cut notches, curves, and incisions on a wide variety of insulation products. With a unique tang design that fits most reciprocating saws and utility knives, you'll be shaving time off your rigid foam, fiberglass, denim, rockwool, and spray foam insulation installs.

Available in 4" and 7" lengths.

**4" (102MM) 3-Pack: CB50-1104-3 | EDI: 29958**

**7" (178MM) Kit: CK50-1110 | EDI: 29968**

**\*Kit includes: 7" blade, fixed utility knife, and sharpener**

*\*Battery and charger not included*

## SUPERSHEAR SPRAY FOAM INSULATION SAWS

The powerful SuperShear Spray Foam insulation saws are the premier solution for trimming both open and closed spray foam insulation.

Available with either a corded 12-amp or cordless M18 FUEL™ Milwaukee™ Sawzall, the unique offset blade will have you trimming flush with the studs on walls up to 10ft high without scaffold. If you're installing spray foam on a daily basis stop wasting time and buy a SuperShear Spray Foam saw today.
